Ven Te Chow Solutions Manual - canton-homesforsale.com

This book is considered by many one of the bibles in Hydrology. Written by Chow in 1964, this book still manages to be relevant within the field. Chow and his coauthors took time to dissect the topics presented in here in an elegant way. It's certainly still a great reference book that will either clear up your doubts, or point out the best references related to your question. It's important ...
