## [Computer Science An Overview](#)

### Computer Science An Overview

This book illustrates basic computer science concepts and explore some frontier area in computer science, you will have a global view of computer science after reading this book. It's language is quite simple and easy to understand, I did admire the author's ability to explain a concept so clearly and simply, to some people, you may feel that the author is wordy.

### Computer Science: An Overview by J. Glenn Brookshear

Computer Science: An Overview is written for students of computer science as well as students from other disciplines. Its broad coverage and clear exposition are accessible to students from all backgrounds, encouraging a practical and realistic understanding of the subject. Written to provide students with a bottom-up, concrete-to-abstract foundation, this broad background exposes beginning computer science students to the breadth of the subject in which they are planning to major, and ...
