## INTRODUCTION

Football is a physically challenging, aggressive sport played by two teams of opposing players. Each of the two teams tries to get the ball across the opposing team's goal by running, kicking and passing the ball.

American style football is often known as "the gridiron sport" because of the design of the field. The sport is widely popular in the United States and is gaining fan support in Canada. Although American style tackle football, as it is called, has spread to a few other countries, it has not achieved the international reputation of such sports as baseball and basketball.

American style football is a combination of two older sports, soccer and rugby. Soccer (still called football in England) and rugby, which developed from soccer, are both more popular in Europe and other countries than in the United States.

Unlike soccer, a game in which players are forbidden to use their hands but may use other body parts, football allows perhaps the roughest physical contact of any team sport. However, two variations on tackle football, called "touch football" and "flag football" respectively, do not involve tackling the opponent and are less physically challenging to play.

## HISTORY OF FOOTBALL

Football first became popular in the United States in the 1880s, when it was widely played
