### **W Super Beetle Bug**

The Volkswagen Beetle —officially the Volkswagen Type 1, informally in German the Käfer (meaning "beetle"), in parts of the English-speaking world the Bug, and known by many other nicknames in other languages—is a two-door, rear-engine economy car, intended for five occupants (later, Beetles were restricted to four people in some countries), that was manufactured and marketed by German automaker Volkswagen (VW) from 1938 until 2003.

### **Volkswagen Beetle - Wikipedia**

Beetle vs. Super Beetle . If you ask classic car collectors about the difference is between a Super Beetle and a standard Beetle, most will tell you that the super version is longer. This is true, though the difference in length is not that great. A Super Beetle is actually only two inches longer than a standard Beetle, a difference that's hard ...

The classic VW Beetle is not a big car, and that's part of its charm. It's also cramped. So a father and son duo decided to build themselves a super-sized bug that's 40% larger

than the original. They digitized every part of a 1959 Beetle, then upscaled them to create fabrication templates. Its chassis started as a Dodge truck.
