The Winn L. Rosch Hardware Bible provides a background on how things work, puts competing technologies, standards, and products in perspective, and serves as a reference that provides quick answers for common computer and technology questions. It functions as a buying guide, telling not only what to buy, but why. It also lays the foundation for upgrading or repairing a computer, but stops short of the step-by-step mechanics of the process. The chief purpose of the Hardware Bible remains ...
